REEL INDEX

Minutes of Telephone Conversations of John Foster Dulles and of Christian Herter (1953-1961)

Because we were requested by the staff of the Eisenhower Library to leave the file order of the minutes unchanged, each individual file of minutes has been filmed in reverse chronological order.

In the vast majority of the minutes, the individuals with whom Secretaries Dulles and Herter spoke are identified fully. In some of the minutes, however, individuals are identified by last names only, and in these cases we have used every means possible to provide the complete name.
